

## 2<sup>nd</sup> Annual Construction Rodeo

**SAVE A HORSE RIDE A BACKHOE!**

AGCVA's Piedmont District Safety Alliance and PVCC's Construction Academy are proud to announce the Second Annual Construction Rodeo and Equipment Show being held on Saturday, May 2, 2009 from 9a.m to 3 p.m. at Piedmont Virginia Community College. The Rodeo will be a total construction exposition where those in the industry can display and promote their products and skills.

The Rodeo Competition includes backhoe, skid steer and mini-excavator events where operators can demonstrate their skill (or lack thereof) in equipment safety, object placement and obstacle navigation. Professionals and amateurs are welcome! This year, there are two new events: a carpentry competition and masonry demonstration.

While the big kids run the heavy equipment, the little people can compete in their own events and climb on machines displayed just for them.

**And here's the best part: It is free.**

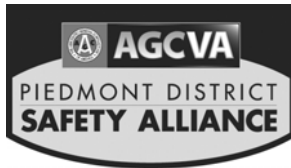

Food and drinks will be available for sale.

Proceeds of the event will benefit Youth Learning Academy (YLA), a program focused on developing students' academic skills through vocational training. YLA is a non-profit 501 © (3), that seeks to strengthen the math and science skills of our youth, through a curriculum based on the Virginia Standards of Learning, by demonstrating the application of academics in the world of design and construction.

For more information, contact Marsha Hargette at (800) 581-4652 x210.
